RAVI REPSWAL

Full-Stack Developer | React, Node.js, PostgreSQL | Python & SQL

Pune, India | Open to Remote / Work from Home | +91-94686-74153 | ravirepswal108@gmail.com | linkedin.com/in/ravirepswal | github.com/ravirepswal108

SUMMARY

Full-stack developer and second-year B.Tech student who single-handedly designed, built and maintains a live production e-commerce website for a real client using React, Node.js and Supabase (PostgreSQL), deployed on Vercel. Skilled in JavaScript, Python and SQL, with hands-on experience in payment (UPI) integration, API integration, database security (Row-Level Security), state management and technical documentation. Comfortable working remotely and independently; seeking a remote Software Development, Full-Stack, Web Development or Data internship.

TECHNICAL SKILLS

Languages: JavaScript, Python, SQL, HTML, CSS, C

Frontend: React.js, Next.js, Zustand (state management), React Native (Expo), Responsive Web Design

Backend & Database: Node.js, Supabase, PostgreSQL, Row-Level Security (RLS), API Integration, Authentication

Tools & Cloud: Git, GitHub, Vercel (deployment), Cloudinary, Arduino IDE

Other: Generative AI / AI Agents, Data Analysis, Technical Documentation, Requirements Gathering, Embedded Systems, Circuit Prototyping

EXPERIENCE

Freelance Full-Stack Developer (Sole Developer) | Balajee Studio Pvt. Ltd., Jaipur (Client Project) 2025 – Present

- Designed, developed and launched a live production e-commerce website end-to-end for a clothing-industry client using React, Node.js and Supabase (PostgreSQL).
- Built UPI QR checkout, a Cloudinary image pipeline, secure data access with Supabase Row-Level Security, and persistent cart/state management with Zustand.
- Worked directly with structured customer, product and order data; wrote the full technical requirements document and system architecture.
- Deployed and maintain the application on Vercel, handling bug fixes, updates and client requests independently.

Internshala Student Partner (Campus Ambassador) | Internshala | Remote Aug 2025

- Promoted Internshala internship and training resources across AIT Pune; coordinated 15+ students to join online courses and competitions.

Supply Chain Stars Program (Virtual Experience) | PepsiCo Oct 2025

- Completed modules on supply chain strategy, demand forecasting and logistics optimization; built data-backed recommendations for a distribution network case study.

PROJECTS

RC Rover with 6-DOF Robotic Arm – AXIS'26, NIT Nagpur 2025 – 2026

- Built a competition rover with Arduino Mega/Uno, NRF24L01 wireless modules, BTS7960 motor drivers and MG996R servos.
- Kept the full system under a 2A power limit by sequencing servo activation; prepared the BOM and managed a ₹14,000 budget and build timeline.

Pipe-Climbing Robot – Escalade 14.0, Techniche IIT Guwahati (Team Leader) 2026

- Led the team that designed and built a spring-loaded pipe-climbing robot; qualified for the national final at IIT Guwahati.

Cursor Hackathon Kashmir 2026 – NIT Srinagar (Participant) Apr 2026

- Selected through a competitive application; formed a cross-functional team to build an AI product in 48 hours.

EDUCATION

B.Tech, Automation & Robotics Engineering (Second Year) 2025 – 2029

Army Institute of Technology, Pune (Savitribai Phule Pune University)

- Relevant coursework: Programming in C, Engineering Mathematics, Basic Electronics, Automation Fundamentals

CERTIFICATIONS

- Python Programming – Kaggle × Google (2025)
- 5-Day Generative AI Agents Course – Kaggle × Google (2025)
- Swayam Plus – IIT Madras (2025) | Product Management Foundations (2025)

LEADERSHIP & ACTIVITIES

- Joint Secretary, Centre for Excellence in AI & Robotics, AIT Pune (2025 – Present): coordinated competition strategy, travel and documentation for AXIS'26 at NIT Nagpur.
- NSS (National Service Scheme) Volunteer, AIT Pune (2025 – Present) | Languages: English (professional), Hindi (native)
